# EDITOR'S NOTEBOOK

Dear Archie Readers,

If any of you are headed for the beach this summer, or even if you're not, you'll want to be part of "Archie's Beach Patrol." "How do I join?" you ask. You don't. There's nothing to join. But there are T-SHIRTS and TANK TOPS featuring Archie, Betty and Veronica and big purple letters that will identify you as part of Archie's Beach Patrol. Once you slip one of these cool shirts on, you'll be in charge. No more butterflies in your stomach when you ask that cute girl, who's been ignoring you at school all year, for a date. And girls, this shirt will definitely breathe life into your nonexistent social life. I'm sure, if you're the loyal Archie readers I think you are, you've seen our Beach Patrol t-shirt offer. However, this month we're expanding that offer to include not only the Beach Patrol shirts, but Archie's Volleyball and Sabrina the Teenage Witch shirts as well. Look for **Archie's T-Shirt Offer** in books on sale now!

Now, speaking of Sabrina, did you know that the **Sabrina TV show** has been renewed by ABC for next season? You get to see twenty-two new episodes...and with the Sabrina comic as a regular monthly issue, the magic never ends. As you probably know by now, I receive a lot of mail (especially e-mail). One question that keeps haunting me is, "When is Archie going to have a web site?" Well, I'm happy to say that we're getting very close to having an ArchieHome Page. Our goal is to have it up and running by the end of the summer or early this fall. I'll keep you posted as to when you will be able to go online with Archie and his friends.

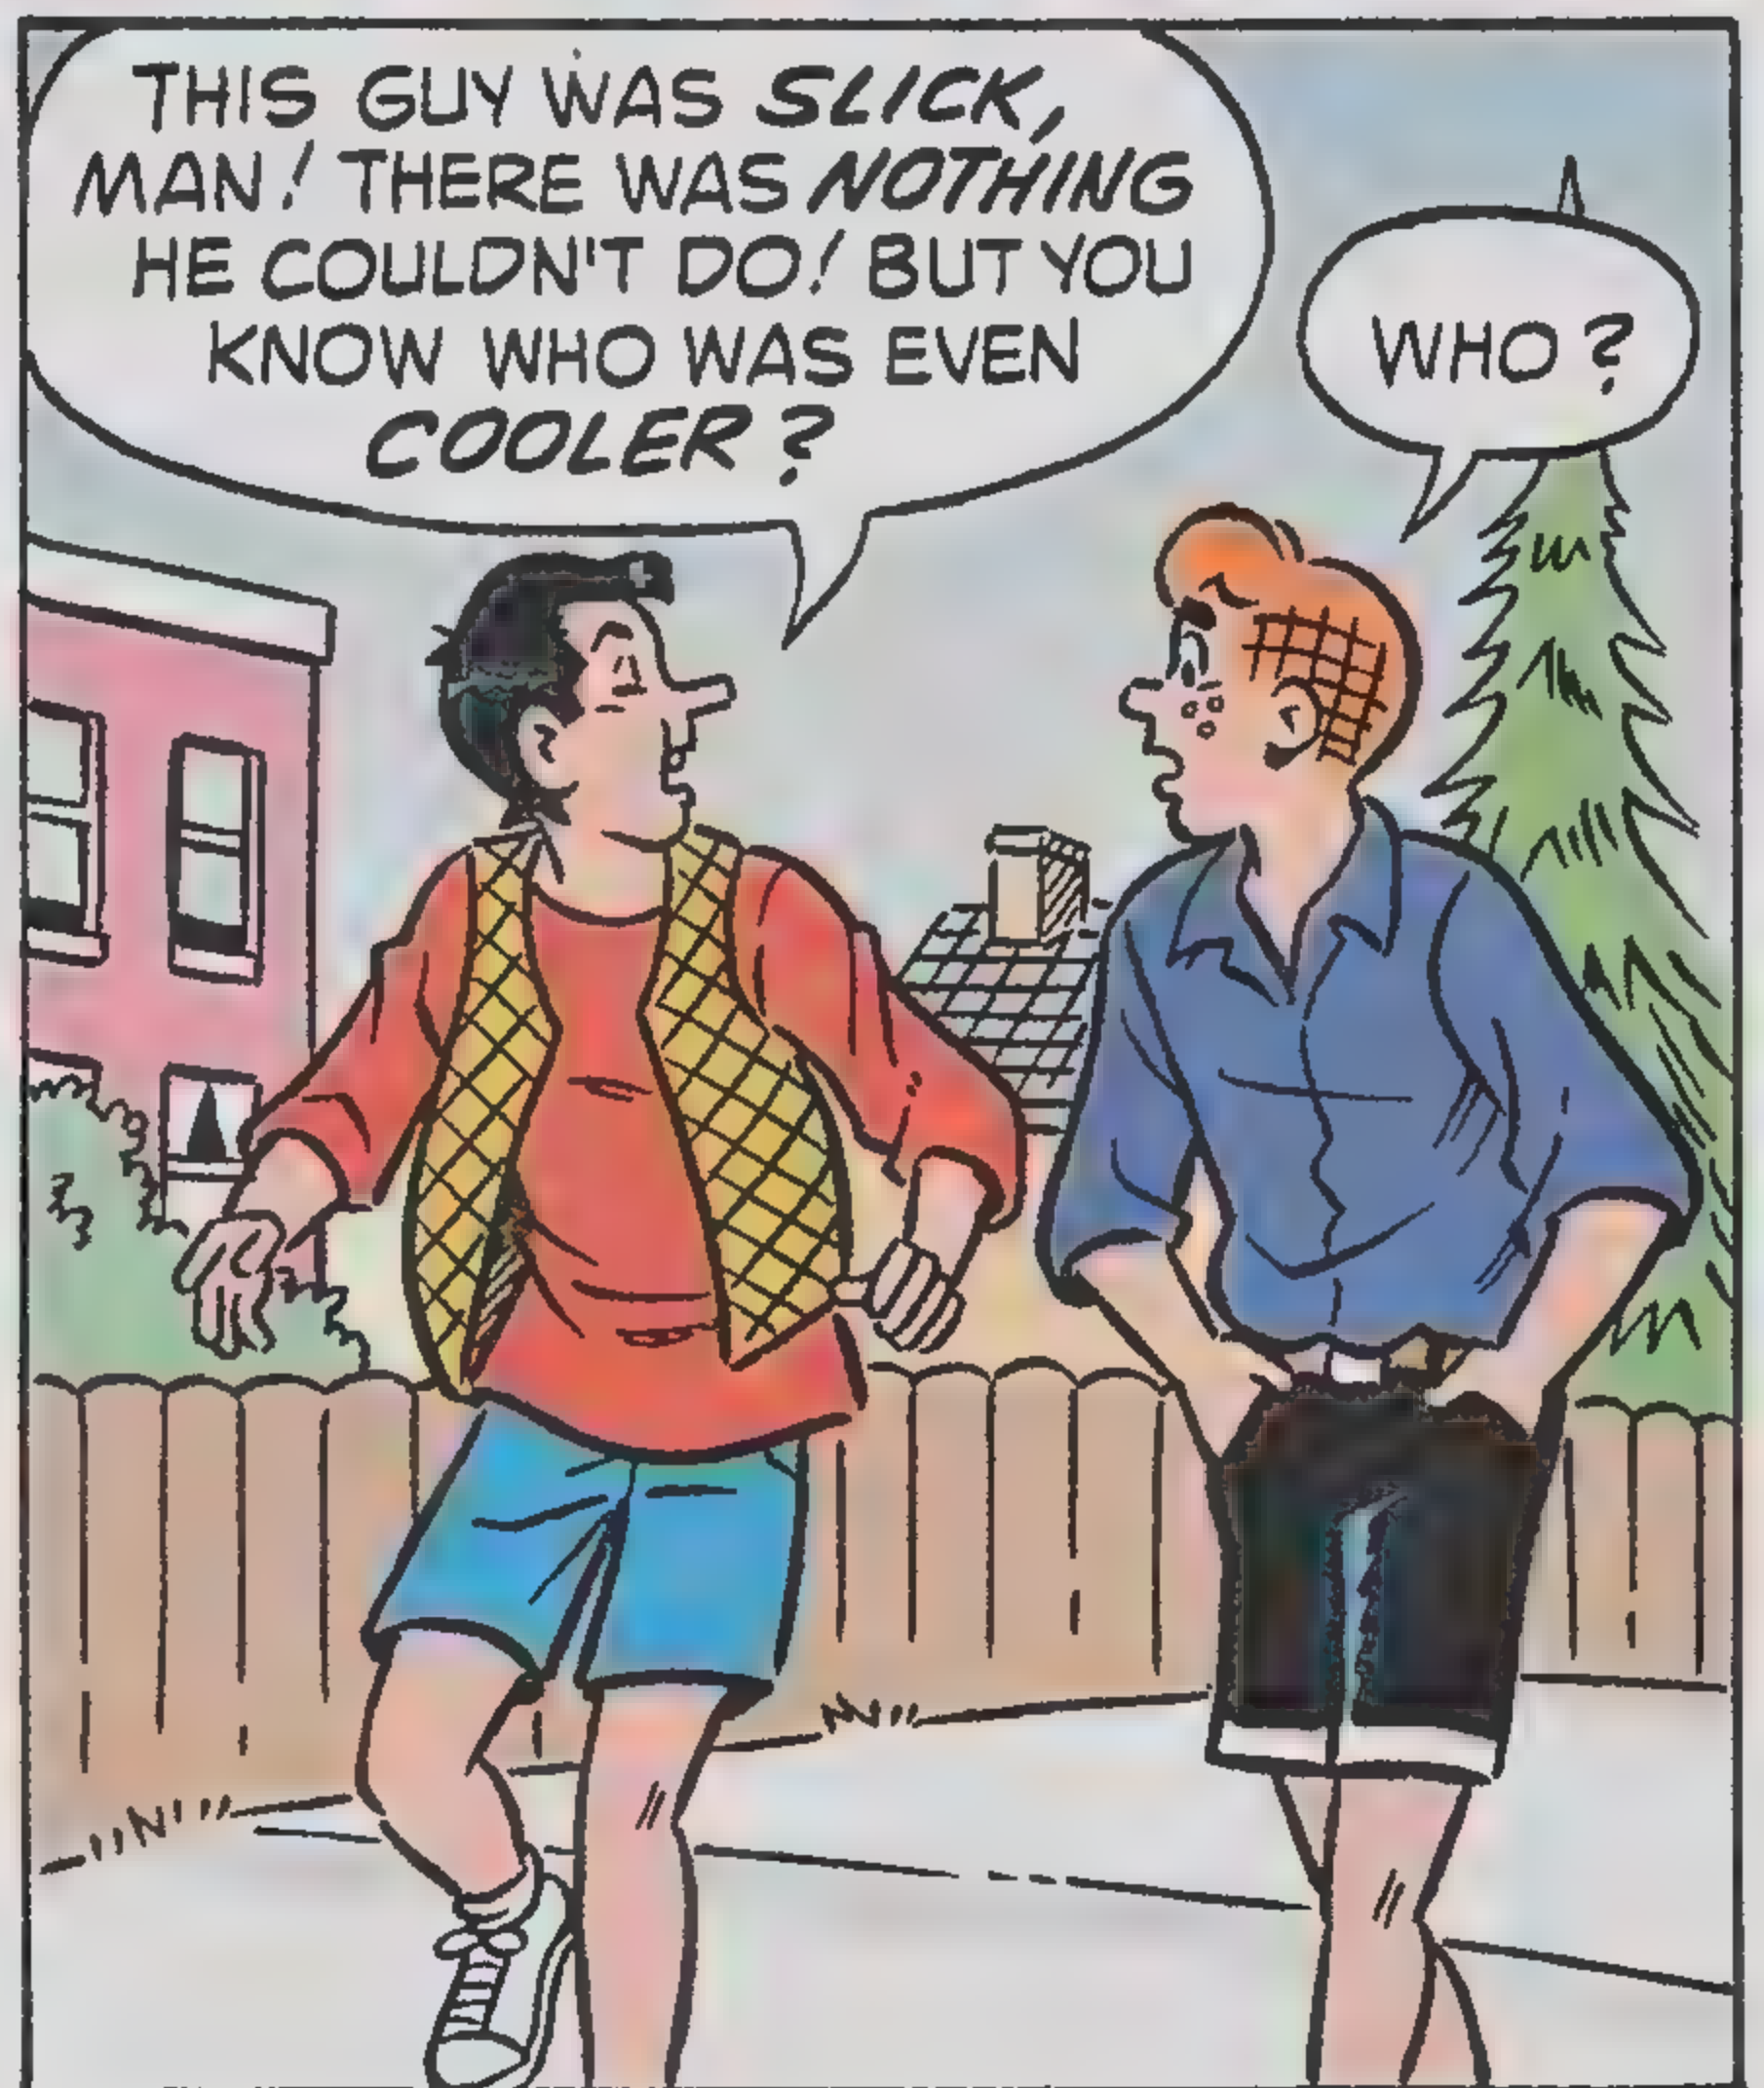

Thanks to Tiger Woods, golf has been growing in popularity with many young people, including Archie and his friends. In the upcoming issue of **Archie & Friends #25 October**, on sale August 1st, our fearless golfers go head-to-head with a pair of treacherous twins, trying to rig a miniature golf tournament. Prepare yourselves for "The Golf War."

Another hot title is **Cheryl Blossom**. In issue #6 October, Cheryl has entered the world of disaster movies. Believe me when I say, "Having Cheryl involved in any type of movie is bound to be a disaster." In the story "What A Disaster," Cheryl unleashes disasters even Steven Spielberg hasn't thought of. This issue is on sale in August. You

won't want to miss the disaster of a lifetime.

## Gloria Sierra Miami, FL The Moon, Our Nearest Neighbor

The moon is a celestial object that lights up our nights. The moon revolves around the earth and follows the earth in its path around the sun. The moon is our satellite. While the moon is circling the earth, it is also rotating on its axis so that the same side is always facing us. The moon does not give off its own light. It reflects the light of the sun. The sun lights up different parts of the moon so it appears to be a different shape or "phase" every night.

the tiny dart weasel to the largest land carnivore, the kodiak bear. Ferrets look like cute, long rats and come in many colors but mostly black, white, brown and tan with black or red eyes.
